Section No.	Title	Issue
1	Introduction	May 2021
2	Definitions	March 2022
3	Objective	March 2020
4	Organisation	March 2022
5	Operating procedures	May 2021
6	Costs	March 2020
7	Regulations	March 2022
8	Application and Declaration	March 2022
9	Notification of contracts	March 2020

Appendices

Quality and Operations Assessment Schedules

Appendix No.	Description	Issue
PT1	Certification Scheme for the Supply and Installation of Strand Post-Tensioning Systems in Concrete Structures	May 2021
PT (N)	Certification Scheme for the Supply, Installation and monitoring of Post-Tensioning Systems in Concrete Structures for Nuclear Projects	November 2021
PT2	Certification Scheme for the Supply and or Installation of Post-Tensioning Systems in Concrete Structures (excluding Highways Structures)	May 2021
PT3	Quality and Operations Schedule for the Production and Supply of Prestressing Anchorages for Post-Tensioning Systems	November 2017
PT4	Certification Scheme for the Supply and/or Installation of Bar Post-Tensioning Systems in Concrete Structures	May 2021
PT5	Certification Scheme for Void Grouting of Post-Tensioning Systems in Concrete Structures	May 2021
PT6	Quality and operations assessment schedule for the production of wire rod for further processing into high tensile steel wire and strand for the prestressing of concrete, including inspection and testing requirements	May 2021
PT7	Quality and operations assessment schedule for high tensile alloy steel bars for the prestressing of concrete	May 2021
PT8	Quality and operations assessment schedule for high tensile steel wire and strand for the prestressing of concrete	May 2021
PT9	CARES Registration Scheme for Post-Tensioning Operatives	May 2021
PT10	Quality and Operations Schedule for the Production and Supply of Pre-bagged Grout Material for use in Post-Tensioning Systems	November 2017
PT11	Quality and operations assessment schedule for the processing, stocking and distribution of BS 5896 products for the reinforcement of concrete	May 2021
PT12	Quality and operations assessment schedule for high tensile steel	May 2021

	bar, wire and strand to AS/NZS4672 for the prestressing of concrete	
PT14	Quality and Operations Schedule for the Production and Supply of Special Filling Products (Grease or Wax) for use in Post-Tensioning Systems	January 2019
